

EVALUATION REPORT FOR SUNDAY 4TH DECEMBER 2022

EXECUTIVE SUMMARY

Walakira foundation was founded on 18th February 2022 in remembrance of the Walakira family in Kabembe village, Kabembe parish, Kyampisi subcounty in Mukono district. The purpose of this foundation is to create an improved quality of life for the less priviledged mothers, children and their households.

ACTIVITY EVALUATED

The Walakira Christmas celebration day was successfully celebrated on the 4th December, 2022 which started with welcoming members and the recap of the post health talks that were held on the Walakira day back in August, then the celebrations started. Children participated in miming various songs, and big people were fully entertained. The foundation volunteers also participated in entertaining the crowd with miming, singing and dancing traditional dances.

METHODOLOGY

The guests, volunteers, women and the children's feedback who attended the occasion was the method used for evaluating the preparation of the day.

These were some of the observation.

The suggested day was a great idea as many women take off Sunday to rest so it made it easy for most of them to attend and also keep time.

The occasion started a little late because it was interfered by the drizzles since it was an outdoor activity, and non-programmed

activities popped up without communication. That if we have all programs communicated prior the day so that we are all prepared and give time to the said activity it will make the running of other activities concurrently and run smoothly.

Time was not managed well on that day.

The invited mothers and children were invited by card and it helped us to manage the number of people who attended the occasion.

The mothers and children were more expectant at arrival than they were during the Walakira day.

LESSONS LEARNT

The Foundation should involve the clients more so that they know what exactly to expect during the Walakira day or donation day and Christmas day.

RECOMMENDATIONS

To have direct and clear communication and have trust for the person appointed for in a particular activity.

To procure sustainable things for donation, that even during the Christmas celebration we look at the basic needs more.
